Portrait Finish

Creating a timeless, beautiful work of art for each client is what Lindbloom Photography prides itself on.

All of our portraits receive full complexion retouching. This includes removal of blemishes, softening of facial lines, facial skin blending and eye enhancements. More significant retouching is available. Please see additional portrait enhancements below.

All of our portraits are printed at professional imaging labs, insuring optimal tonality and color fidelity.

All of our portraits (5x7 and larger) are mounted on acid-free art board, textured, and sprayed with a protective coating to further protect your investment. Artist canvas mounting is available. Please see additional portrait enhancements below. Other mounting (Brushed Metal, acrylic panels, etc.) options are available. Please ask for a quote.

For a truly unique one of a kind art piece consider our Fine Art Gallery Wraps and Fine Art Watercolors.

Fine Art Gallery Wrap

Your portrait is “digitally” hand painted, then printed directly onto Artist’s Canvas. The canvas is then meticulously stretched on a 1.5” frame then hand brushed with a protective gel to give it the look of a fine oil painting.

Gallery wraps do not require framing, and bring a contemporary style to traditional portraiture.

A virtually unlimited range of custom sizes are available from 6“x6” to 60“x100”
Standard sizes are listed below. Please ask for a quote on custom sizes.

Web Galleries & Image Portfolios

Web galleries: Your portraits will be posted online for two weeks. A service fee of \$50.00, per re-post, will be charged to re-post web galleries for an additional two weeks. As of this time we do not offer online ordering of portraits, however you may contact us using the contact information on the web gallery to order your portraits.

Image Portfolios: You may take your Image Portfolio home after leaving deposit of \$100.00. If your Image Portfolio is not returned within two weeks, you will be invoiced \$100 for the portfolio and your deposit will be applied toward this invoice.

Ordering your portraits

We prefer it if you come in to the studio to order your portraits. At this time we can view your portraits and discuss finishes, retouching, cropping, etc. We will also print an order sheet with thumbnail images of your portrait order for you to take home. In this way we avoid any misunderstandings regarding your order. A payment equal to 75% of your order total is due when placing your order. The balance is due when your order is picked up. Work on your order will not begin until this payment is received. Collection prices are only available for 1 month after your premier presentation. After that time only A la Carte pricing will be available.

Payment Plans

We do offer a payment plan! Your order total is divided into 4 equal payments. A payment plan fee of \$25 is added to the first payment. The first payment is due when your order is placed. The second and third payments must be made within 3 months. Work on your order will not begin until the third payment is received. Your order will be considered cancelled and you will forfeit any payments made if the third payment is not received within 6 months of your order date. Your final payment is due when your order is picked up. For your convenience we also accept Mastercard and VISA.

Order pick up and Shipping

Finished portrait orders are ready for pickup 6-8 weeks after date of receipt of 75% payment. This allows time for remakes if the order is not up to our quality standards. You will be notified when your order is finished. No part of any order may be picked up or shipped without full payment. Shipping of orders is available. We ship UPS Ground and the cost is usually \$5 - \$10 depending on the weight of the package. Shipping of larger prints is usually more. We will inform you of shipping costs before we ship.

About Copyright

In 1976 the Federal Government passed a law making it illegal to copy materials protected by copyright, including professional photography. Our studio invests heavily in training, education and equipment to provide you with the highest quality, custom portraiture.

That means copying any images or finished portraits by any means, including photocopier, digital scanning, or copy photography, is strictly prohibited. It's not only illegal, it's unethical. Please don't steal from us. We do keep your portraits on file so that you may obtain additional photos from us in the future.

If you wish to make your own copies of your portrait please consider purchasing the "Heirloom Collection" which includes a written, non exclusive copyright release.

We sincerely appreciate your understanding and cooperation in helping us maintain the highest levels of quality and integrity you have come to expect from Lindbloom Photography.
